New Hampshire Fire Service:

Well so much has happened since our last Fire Service News! The Division of Emergency Medical Services has become a Bureau within the Division of Fire Standards & Training. This is a very exciting time as this formalizes the uniting of EMS and the fire service in New Hampshire. We have always depended upon each other; now we are under one roof. Nationally Registered Emergency Medical Technician-Paramedic Suzanne Prentiss has been promoted to Bureau Chief. I know she will do a tremendous job for all of us!

LISTSERVE: The Division of Fire Standards & Training has a listserve for one way communication to a large group via email. To register, go to the following web site and follow the command for subscribing: <http://webster.state.nh.us/mailman/listinfo/fst-news>

MENTORING: The Division of Fire Standards & Training has hired a 1/2 time mentoring coordinator who will work with public safety organizations around the State to provide mentors for those youth who are at risk. We have hired, through a Department of Health & Human Services grant, Scott Hunter, who is also a firefighter for the town of New Boston.

CERTIFIED CAREER FIREFIGHTER (C2F2): All firefighters hired full-time since the beginning of this year need to complete and become certified in the C2F2 program. Anyone who was hired during 2001, but was NOT Firefighter II certified by December 31, 2000, also needs to participate in this program. I hope this clears up some of the pending questions in the field.

Well, I hope all are having a great 2002. Please, if you are in Concord, stop by your Fire Academy to see how things are going!!

Sincerely,

Rick Mason

9-11 HELMET STICKERS

The Dover, NH Professional Firefighters, Local 1312, is currently selling 9-11 commemorative reflective helmet stickers to raise money to donate to charity and help out with the relief effort in New York. These stickers are made of a heavy-duty, red reflective Scotchlite material. The design is commemorative of the date (9-11) and resembles the Pentagon in the "9" and the World Trade Towers in the "11." If you have any interest in purchasing a sticker for your helmet or vehicle, please feel free to place an order by email or by telephone.

Please feel free to print off this information to distribute or post. Group orders or department-wide orders would be greatly appreciated and should help speed up the processing of your requests. Thank you!

9-11 Pentagon and WTC Reflective Commemorative Stickers

Proceeds benefit victims of the September 11 tragedy.

For more information, please contact the:

Dover Professional Firefighters Local 1312

PO Box 1004, Dover, NH 03820

Telephone: (603) 231-1495

E-Mail to: IAFFLocal1312@mediaone.net

These stickers are a Scotchlite heavy-duty reflective material. When adhering the stickers, carefully remove the solid white backing first, firmly place the decal on a clean surface, and then slowly remove the semi-transparent strip on top. Use care when adhering the decal as all the pieces are cut separately.

Sticker colors come in Red or Blue.

Cost is \$5.00 per sticker with \$1.00 for postage • Make checks payable to: Local 1312

CHILDREN AND FIRE – A GROWING CONCERN

An Intervention Workshop

May 3-4, 2002

The Hudson Fire Department will host a Juvenile Fire Setting Seminar on May 3 and 4, 2002. Guest speakers for this event will be Mr. Joe Day (Retired Captain, Los Angeles County Fire Department) and Mr. Larry Marshburn (Retired Inspector, Huntington Beach Fire Department) who are both recognized nationally and internationally for their work with Juvenile Fire Setters.

The seminar, Facts versus Myths, on the evening of May 3, will be geared toward parents and will run from 6:00 PM until 10:00 PM. The location is still to be determined. Snacks will be provided and the public is welcome to attend. There is no cost for this event. The first 150 people who show their tickets on Friday evening will receive a complimentary squeeze bottle.

On May 4, the seminar will be held from 8:00 AM until 5:00 PM. Again, the location is still to be determined. This is designed for the first responder to understand and assess the Juvenile Fire Setter and identify the appropriate course of intervention. Coffee, donuts, and a lunch will be provided. Due to limited seating, tickets will be given out beforehand. There will be a \$20 attendance fee to cover the lunch and refreshments on Saturday as well as handout printing costs. Tickets are limited, so please obtain yours early by mailing in the \$20 per person fee.

To obtain your tickets or if you have any questions, need directions, or information on places to stay, please contact Inspector Joseph Triolo in Fire Prevention, Hudson Fire Department, at 886-6021. Thank you for your consideration.

KEARSARGE MUTUAL AID COMPACT INC.

The Sutton Fire Department used this tanker as their Christmas decoration for 2001. The tanker and its wheels were outlined with Christmas lights. The red light on top was lighted and rotating. Santa Claus was the driver. At night, with all its lights on, it was quite an attraction — and innovative!

TWO PART-TIME FIRE INSPECTORS NEEDED FOR TOWN OF TAMWORTH

The Tamworth Fire Department is seeking two highly motivated persons to promote fire safety by conducting fire inspections, conducting plan reviews, conducting fire safety education programs, and completing related reports.

SALARY: \$20 per hour

HOURS: Approximately 10 hours per month

EXPERIENCE: Three years as a full-time firefighter or six years as a volunteer or on call firefighter with responsibilities in fire fighting or fire inspections. Each year of approved

formal education in the field of fire science or engineering may be substituted for one year of full-time work experience or two years of volunteer or on call experience.

LICENSE/CERTIFICATIONS: Valid New Hampshire driver's license. Successful completion of NH Fire Standards & Training Commission's prescribed certification requirements for Firefighter Level One or Firefighter I.

To apply, submit detailed resume and cover letter no later than 19:30 hours on May 2, 2002 to: Tamworth Fire Department, 132 Chinook Trail, Tamworth, NH 03886

NEWSLETTER ITEMS DEADLINES

Deadlines for items to be submitted for the next four issues of Fire Service News are as follows:

ISSUE	DEADLINE DATE AND TIME	
July – August – September 2002	Friday, May 17, 2002	4:00 p.m.
October – November – December 2002	Friday, August 16, 2002	4:00 p.m.
January – February – March 2003	Friday, November 15, 2002	4:00 p.m.
April – May – June 2003	Friday, February 14, 2003	4:00 p.m.

Navaroli Scholarship For Prevention and Emergency Services

Former Nashua, NH Fire Chief Richard Navaroli and his wife, Marguery, created the Navaroli Scholarship for Prevention and Emergency Services. Both believe in the value of continuing education.

The purpose of the Fund is to encourage New Hampshire citizens to enter fire, rescue or medical emergency service careers, with a particular emphasis on prevention, by providing scholarship assistance to New Hampshire residents pursuing studies at accredited New Hampshire institutions in these fields. Funding is also available for non-school based programs, such as the American Red Cross's courses in CPR.

Applications may be obtained from the New Hampshire Charitable Foundation's website at www.nhcf.org or by calling the student aid office at 1-800-464-6641.

STAFF BIOGRAPHICAL SKETCHES

With the addition of new full-time staff at the Division of Fire Standards & Training, the Fire Service News is again printing profiles of Division employees in each issue. This will assist you in putting a face with a name so you will know who you are talking to when you call in.

ANDY ANDERSON, *Lieutenant*

Andy Anderson was recently hired as the Lieutenant-Equipment Supervisor for the Division of Fire Standards & Training. He is responsible for the receipt, inventory, and tracking of all the equipment at the Fire Academy. He also makes sure that the appropriate props are in the classrooms for the Instructors to teach their classes. Andy will be working closely with the two new Field Captains so that they have the necessary equipment to provide classes throughout New Hampshire.

Andy previously worked as Warehouse Manager for Bound Tree Corporation. He is certified Firefighter Level Two, and has been a nationally registered EMT-Basic since 1988. He has been a member of the Deering Fire & Rescue since 1986, and is currently the Chief there.

Andy was born in Concord, NH, and graduated from ConVal Regional High School in 1979. He resides in Antrim with his wife, Chris, their 15-year-old daughter, Chandra, and their 11-year-old son, Adrian. Before he joined the Fire Department, he hunted and fished; now he just doesn't have the time! He also enjoys rooting for the Red Sox and the Super Bowl Champion New England Patriots.

SCOTT HUNTER, *Youth Mentor Outreach Coordinator*

Scott Hunter has undertaken the newly-created Department of Safety initiative of Youth Mentor Outreach Coordinator. The Department of Safety, in conjunction with the Division of Alcohol & Drug Abuse Prevention & Recovery, has a vision to address the need for volunteer youth mentors across the State. The purpose of this position is to connect members of our Department of Safety community (fire, police, and EMS) to the programs serving any of the 600 youths in need of volunteer mentors and to expand mentoring opportunities in New Hampshire.

Scott was born and raised in New Hampshire. He graduated from Goffstown High School in 1991 and earned his Bachelor's Degree in Human Service from Springfield College in 1998. Scott's career in human service began in his teens as a camp counselor at a program for "at-risk" youth. He broadened his experience working in the juvenile delinquency field and as a youth counselor in community-based projects. Scott comes to us with knowledge of navigating the State's social service systems and a belief in the power of mentoring in the lives of today's youth.

Scott resides on a small farm in New Boston with his wife, Beck, and children, Katelynn and Tyler. He is a volunteer firefighter for New Boston Fire Department and serves as treasurer of its Association. Scott is also a member of New Boston's local school board. He enjoys spending his free time in the outdoors – camping, fishing, hiking, and hunting.

Please look for more to come on this important initiative.

Robert L. Hummel, Captain

Rob Hummel joined the Division of Fire Standards & Training in the new role of Fire Service Technology Trainer. Rob holds a Bachelor of Electrical Engineering from Georgia Tech and has been involved with computers, electronics, and programming for almost 30 years.

As Technology Trainer, Rob's new responsibilities include operating and maintaining all computer-driven equipment and training props within the Division. In addition, he will be actively working on development of computer-based and distance-learning programs.

Rob started his fire fighting career in 1991 as a volunteer with the Richmond, NH Fire Department. Moving to Sullivan, NH in 1996, he became an EMT-I and has recently retired as Chief of Sullivan Fire & Rescue.

He currently resides on a small farm in Sullivan with his wife, Gail, and his four children.

KIM MATTIL, Executive Secretary

Kim Mattil, EMT, presently serves the Bureau of Emergency Medical Services (EMS) as its Executive Secretary. Assigned to the Concord office, Kim is on the front lines of the Bureau coordinating support staff activities, scheduling, phones and accounts payable.

Kim began her career within state government in 1990 at the Department of Health and Human Services (DHHS). During her nine years within DHHS Kim worked as a Secretary II for both the Bureaus of Disease Control and Health Promotion, as well as Executive Secretary in the Director of Public Health's Office. Kim moved to EMS in 1998. Kim has been active as an EMT since 1998 as well.

Presently, Kim lives in Concord with two of her four children, Adam and Aaron. Kim's daughter Stephanie moved backed to New England this past year and presently resides in Malden, MA; however, her son Joel moved south to Florida. Watch out for Kim on the slopes as she has taken up skiing and spends as much time as possible on the trails at Gunstock!

HARRY MCGOVERN, Captain

Harry McGovern was hired as a Field Captain by the Division of Fire Standards & Training in January, 2002. He will be coordinating training programs with the fire departments in Cheshire, Coos, Grafton, Hillsborough, and Sullivan counties.

Harry was born and raised in Littleton, Massachusetts. He began his fire service career in Bath, NH as a volunteer firefighter in 1989. Harry became a Fire Service Instructor in 1991, and was employed as a Staff Instructor by Fire Standards & Training in 1995. Also in 1995, he was hired as a career firefighter in Littleton, NH, and was promoted to Chief of Department in 2000. Harry is currently a member of the Landaff Fire Department.

Harry lives in Landaff with his wife, Becky. His daughter, Meghan, is a police officer with Williston, Vermont; and his daughter, Sara, is a Senior at Plymouth State, majoring in Print Making.

**SUE PRENTISS, *Bureau Chief***

Sue Prentiss, NREMT-P, was recently promoted to the Bureau Chief's position at Emergency Medical Services (EMS). Sue began her career at NH EMS working as the Trauma Coordinator where she served as support staff for the Trauma Medical Review Committee providing technical assistance to Trauma Hospitals and pre-hospital providers. Additionally, Sue coordinated EMS system activities with representatives from the state Rural Health office and Injury Prevention Center as well as served as the staff person to the EMS & Trauma Services Coordinating Board Strategic Planning process. During her first months as Bureau Chief, Sue will be active transitioning the Bureau staff into their new roles and implementing initiatives guided by the Strategic Plan. Prior to coming to NH EMS, Sue worked at the Woodsville Rescue Ambulance as their Administrator and as Project Director for Dartmouth Medical School's Rural EMS Project.

Active as a Paramedic, Sue works in the Emergency Department at Speare Memorial Hospital in Plymouth and volunteers for the Enfield Ambulance in her hometown of Enfield. Sue and her daughter, Phoebe, live by Mascoma Lake in Enfield and enjoy time together baking, shopping, and visiting Sue's mom in Massachusetts.

LINDA D. SPINELLI, *Secretary*

I started with the Division of Fire Standards & Training in August of 1989 and worked at both its Storrs Street and Airport Road locations until October of 1992. At that time, I left for a full-time position at the Department of Safety. In November of 2001, the Bureau of Enforcement/State Police was dissolved, so I applied for a secretary's position at the Fire Academy. I am happy to say they hired me again. It is a great place to work and I am very happy to be back.

I live in the town of Chichester with my husband, John, and my dog, Abigail, a Cocker Spaniel. I have two children and three grandchildren. My daughter, Debbie, lives in South Beach, Miami with her two sons, Nicholas and Marcos. My son, Gary, and his wife, Samar, are both in the Marine Corps stationed in Okinawa, Japan. They have one daughter, Leah.

**KELLY TEETER, *Secretary***

Hello, my name is Kelly Teeter. My current position is Fire Academy Bureau Secretary, Bureau of Fire Academy. Before I came here I worked for the Division of Motor Vehicles in the Financial Responsibilities section for six months. I know that is not very long, but I was in search of a place I could grow with and I think I found it here at the Fire Academy. In my professional background, I have over 12 years of Management and Customer Service experience. I also have two and one-half years of Telecommunications skills.

What about my personal life, you ask? Well, I am currently living in Northfield, where I share a home with my four boys. Starting with my wonderful husband, Bob; then my son and best friend, Jesse, who is 6 years old; and my two dogs, Junior (12 years old) and Rocky (6 months old). Both dogs are American Stafford Shire Bull Terriers.

I do not have a lot of space to put all my hobbies, so you will just have to try to get to know me better, as I will with you. "Peace."

**MICHAEL A. WALSH, Captain**

Mike Walsh, one of two new Field Captains, was born in Quincy, MA where he got his first taste of emergency service as a lifeguard for the City of Quincy. After high school, he entered the US Coast Guard Academy where he earned a Bachelor of Science in Government and a Commission as an Ensign in the Coast Guard. During his time in the Coast Guard, Mike served as the First Lieutenant and Training Officer on a 270' Cutter and as a Training/Intelligence Officer for the First Coast Guard District in Boston, MA. Prior to joining the staff here at the Division of Fire Standards & Training, Mike worked as a Production Supervisor for a Johnson & Johnson Company in Massachusetts. He is currently a call Firefighter with the Pembroke Fire Department.

Mike will be working in the Bureau of Training & Certification as a Field Captain helping local departments coordinate certification programs in the field.

Mike lives in Pembroke with his wife, Kristi, daughter, Katie, and their two dogs, Marty, a Golden Retriever and Barney, a Beagle. Mike and Kristi are eagerly anticipating the arrival of their second child in late August.

LORENA CASE, Receptionist

Hi! I came to work for the Fire Academy on December 14, 2001 as the Receptionist. Prior to this position, I worked at the Department of Safety's Division of Motor Vehicles for approximately 4 years.

My duties as Receptionist include, but are not limited to, answering phones, keeping the fire department mailing lists updated, logging in accident reports, trying to keep the Library in shape, entering new and recording changes from Personal Data Sheets into the database system, reviewing General Admission Applications for completeness, and keeping track of an equipment log.

I graduated from Hopkinton High School and am currently a resident of Hopkinton. I have been married for 18 years to my husband, Fred. I have two sons — Brendon is 22 and Bryan is 14. I enjoy spending time with my family, reading, and riding motorcycles. I am in the process of selling my home and building a new one.

Please introduce yourself to me the next time you are at the Academy.

**NH Fire Explorer Training Academy**

Mark your calendars and get ready — we need your help once again for our 11th Annual Fire Explorer Training Academy. It is only with your help and commitment that this program is a success. The program will run the week of June 24 through 28.

In the month of April we will be looking for your support as we once again look for instructors to help teach the programs to the cadets.

If interested in teaching, please contact Captain Eric Wilking at 271-2661 or 1-800-371-4503, extension 106; leave him your name and a contact number on his voicemail.

Once again, thanks for your help and support!

Mark T. Lemay, Assistant Chief, NH Fire Explorer Academy

NH FOREST FIRE SERVICES

News & Notes

Remember . . . Safety First . . . On Every Incident . . . Every Time!

- 1) New Forest Ranger Steve Sherman started employment on Friday, February 8, 2002. He is assigned to the South Region and is working with many of the Rangers. He will NOT be assigned a district at this point in time. Steve was previously employed by the Division of Forests & Lands as our Magalloway Fire tower lookout watchman for five years and was a part-time police officer in West Stewartstown. Steve is working out of the Concord Office for the time being.
- 2) NH Department of Environmental Services (DES) Air Resources Division and the Division of Forests & Lands have agreed that regarding all open burning of combustible domestic waste, DES take the lead in informing fire officials and the public about the hazards, rules, and regulations of this burning practice. From now until 01/01/2003, we will be working to educate people on what can legally be burned. Until 01/01/2003, no enforcement actions will be taken against landowners who are burning household trash, unless they do not have a fire permit when a fire permit is required. DES has a one-page guide sheet available on the issues of combustible domestic waste. More information is available from DES by calling either 271-2975 or 1-800-498-6868.
- 3) Spring fire season could be right around the corner. With the below "normal" snowfall to date and the drought conditions from last year, it is NOT too early to make sure your forestry equipment is ready to roll and is operating properly. We have no planned date yet to open the fire towers, but we are starting to make plans. We do have our air patrol contractors lined up.
- 4) We are planning our Warden and Deputy Warden training sessions. One of the sessions that will be offered statewide is a session on W/DW job descriptions, expectations, and looking for input as to the possibility of minimum training requirements. We look to invite W/DWs, Selectmen, and Fire Chiefs. No time schedule has been set at this time.
- 5) Please be involved in "our" NH Fire Service by attending Fire Department, Warden Association, and mutual aid meetings and activities. YOU, the active members, are the life-blood of the NH Fire Service programs.

Respectfully,

Robert "Bud" Nelson

Chief, Forest Protection Bureau

1-800-FIRE LINE

THE NATIONAL RECRUITMENT LINE FOR EMERGENCY SERVICES VOLUNTEERS

**1-800-FIRE LINE (1-800-347-3546-3)
is now up and running at the Fire Academy.**

This is how it works: A potential volunteer dials 1-800-fire line (#) and gets the Fire Academy (Stacey). She in turn gives this person the name and number of the nearest Fire Department and Representative who will then give the necessary information to that potential volunteer in order to pursue his/her request.

ANNUAL NEW HAMPSHIRE FIRE SERVICE AWARD PROGRAM

October 9, 2002

The New Hampshire Fire Service Committee of Merit announces its Annual New Hampshire Fire Service Awards Program ceremony will be held at 7:00 p.m. on Wednesday, October 9, 2002. The location of the ceremony will be announced later.

The Committee members are currently reviewing all the nominations submitted for the calendar year 2001.

This program was initiated in 1986, after the death of Concord Dispatcher Paul Sypek. In his estate, Paul left the original funding and designated a committee to carry out the plan for this recognition. The first annual award ceremony was held in 1987 and, since then, many New Hampshire fire service personnel have been given awards for their heroic actions.

There are many fire service personnel throughout the State who have performed courageous acts which should be recognized. Therefore, it is highly recommended that you submit nominations as soon as possible after an event occurs. Any events between January 1, 2002 and December 31, 2002 will be eligible for presentation at the October 2003 awards ceremony.

For information on how to submit a nomination, please contact: NH Fire Service Committee of Merit

Stacey DeVol, Secretary
10 Hazen Drive, Concord NH 03305

If you have any questions about the program, please contact:

Director Rick Mason at 1-800-371-4503 or 271-6099

Fire Instructors & Officers Association of NH APPLICATION FOR MEMBERSHIP
